

## Technical Specifications

### Siena Cork Planks + Tiles Flooring Technical Specifications

Siena Cork Planks are a glue-less interlocking flooring system that combines the unique appearance of cork with a high-density fiber board (HDF) core and cork backing. Siena Cork Tiles are available in glue down 12" square tiles. Both products are finished with a commercial grade high performance polyurethane finish. Siena Cork Planks + Tiles are naturally insulating, sound reducing, soft underfoot and made from rapidly renewable materials, recycled, and recyclable materials.

<b>Dimensions</b>	Planks: 12" x 36" x 10.5mm Tiles: 12" x 12" x 3/16"
<b>Finish</b>	3 coats commercial grade polyurethane finish
<b>Weight per Square Foot</b>	Planks: 4.7 lbs per plank Tile: .57 lbs per square foot
<b>Residual Indentation</b>	Max. 0.25mm
<b>Wear Resistance</b>	Passes ISO 24338
<b>Slip Resistance</b>	>0.7 (wet) ; >0.8 (dry)
<b>Impact Sound Reduction</b>	IIC 56 STC53
<b>Resistance to Chemicals</b>	Passes ASTM F925
<b>Packaging</b>	Planks: 17.65 square feet per carton Tiles: 36 square feet per carton
