<b>TEST</b>	<b>RESULT</b>
<b>Classification / ASTM F1700</b>	Class III, Type B (embossed)
<b>Overall Thickness</b>	Value: 3.0 mm ; Value+: 5.0mm
<b>Wear Layer Thickness</b>	22 mil
<b>Finish</b>	UV Cured Polyurethane
<b>Fire Resistance / ASTM E-648</b>	Class 1 >.45
<b>Smoke Density / ASTM E-662</b>	<450 – Flaming/Non Flaming
<b>Static Load / ASTM F-970</b>	1000 psi
<b>Slip Resistance / ASTM C-1028-89</b>	>.6 per ADA
<b>Impact Sound Conduction / ASTM E492</b>	Value+: IIC 57
<b>Chemical and Stain Resistance</b>	Excellent
<b>VOC Emission</b>	Negligible

**Installation**

Inspect subfloor surfaces carefully to determine acceptability and appropriate installation method. All products from Siena shall be installed under proper job site conditions. Reference Siena Vinyl Flooring Installation Instructions found at [sienausa.com](http://sienausa.com).

**Approved Adhesives**

Siena recommends the use of any appropriate premium LVT adhesive.

**Maintenance**

Use of quality floor finishes is not required, however if desired, use of a floor finish will further protect the floor in heavy traffic areas. Chairs and table legs should be capped with metal swivel glides. Hilway Direct cleaners and floor finishes can be purchased directly from Siena. See detailed maintenance instructions at [sienausa.com](http://sienausa.com).

**Warranty**

15 year manufacture and wear warranty. Complete copy of warranty is available upon request or at [sienausa.com](http://sienausa.com).
